Re: Wilfred Mchunu

Wilfred has been a registered guide, since 2008, as a cultural site guide for certain battlefields in KZN.

Over the years he has made a concerted effort to improve and extend his knowledge, in the history of the area, museum practices and in tour guiding.

He has widened the number of battlefields on which he conducts tours, has undergone training with Birdlife SA and is now also registered with FEGASA as a field guide.

I have no hesitation in recommending that his level 2 cultural guiding be increased to level 4 and that his references should be for battlefields in northern KZN.

To list each battlefield separately would be a long list but he is competent on the battlefields in the northern KZN area.

Yours faithfully
